

Audit Management System

Email Process

Pre Audit emails:

2 weeks before the scheduled audit date, the system will send an email to notify the following members of the upcoming audit:

- quality@alfa-electronix.com
- Auditors assigned for the specific audit
- Auditee(s):
 - Section Director
 - Department manager

1 week before the scheduled audit date, the system will resend the email as a reminder to the same team members.

Post Audit emails:

- If the audit includes non-compliances and there are no CAR's generated within 3 working days from the audit date, the system will send an email to quality@alfa-electronix.com notifying that there are non-compliances for which no CAR has been generated.

The assigned quality team members will be able to SEND audit reports with the related CAR to the related function upon confirming the audit outcome.

For all outgoing emails:

- The quality email quality@alfa-electronix.com will be included in CC
- The email of the auditee(s) will be included in TO
- The email of the Sector Director will be included in TO
- The email will include the following attachments:
 - Audit Report
 - CAR's related to the audit report (Generated as a result of the specific audit)

Post sending the report:

- The auditees will be allowed to login to the system and edit the "response" to the CAR (Not the details documented by the quality team as the finding)
- Once the auditee completes the response and saves it, the system will send a notification to the quality@alfa-electronix.com, the auditors (who performed the audit) and the auditee(s) indicating that the CAR has been responded to.
- After 1 week from sending the audit report and CAR's, and if the auditee does not respond, the system will send a reminder to the same members. In such case, the Sector CEO will be added to the email as CC

Post sending CAR Response:

- If the CAR response is approved by the quality team, then an email will be sent to the auditee(s) and the auditors confirming the approval.
- If the CAR response is NOT approved by the quality team, then an email will be sent to the auditee(s) and the auditors confirming the rejection.
